CHECKS PAYABLE TO: Wilson County Validation

Please keep in mind that this year's validation dates for swine are as follow:

June 2024-TBD

Also new this year at validation. We will not be able to validate swine that are in trailers, cages, or boxes that are not accessible. For example, if you bring your swine in a goat cage in back of your truck, in a small trailer that we can't walk in, or in a dog carrier. These are just a few example of ways we will not be able to validate your swine. If you bring in a non-accessible method, you will be asked to unload them into a pen and load them back up after we validate them. We will not handle the loading or unloading of that animal. You will be directed to a line where the pens will be set up. This is to ensure the safety of the validation committee as well as your animals.
